PwC 'Females of the Future' work experience day

19th Feb. '20 (10.00am – 3.00pm) – PwC, 7 More, London Riverside, London SE1 2RT

This programme is designed to help inspire and support you to learn more about PwC and what a potential career in professional services could look like. The programme is a one-day event held at a PwC office and is **open to all, regardless of gender.**

The day will consist of a series of fun and engaging activities which will help you understand your skills, focus on your core values and how these could relate to your career choice, all whilst learning more about what it is like working at PwC, from the people who actually work here.

Throughout the day you will hear from a range of female guest speakers, be inspired by our leaders and there will be plenty of opportunity to ask lots of questions, or just sit back and listen, whichever is your preference. You will hear about how you can continue to engage with us during and after your time at school or college. Finally, we'll end by sharing with you our focus on diversity, why it matters so much to us and break down some of the myths around the recruitment process. The day includes refreshments and a tasty lunch.

Media

Wavemaker - Jet Stream rotation programme

Closing Date – 6th March

Wavemaker is a large media agency network working with some of the most exciting brands in the business including **Netflix, British Airways, BMW, Compare The Market, B&Q, Paramount and Tiffany.**

The Jetstream programme is a 10 month scheme starting in September 2020. It will give you exposure to all aspects of a top media, content & technology agency and enable you to experience how we help our clients grow their brands and business. At Wavemaker, everything we do is focused on the unique way we understand and improve people's purchase journeys. You will learn about our approach to purchase journey planning and how this integrates with buying campaigns across all media channels. You will also see how other teams such as Analytics and Data, Partnerships and Content have a role to play within the process.

Have you ever wondered how your favourite products are advertised to you on Instagram or how a TV ad is booked? Not only will you get to work across some of our key clients, you will also get the opportunity to work alongside our partners including ITV, Facebook, YouTube, Google, Channel 4, The Guardian and many more.

Wavemaker's Jetstream programme will help you gain best-in-class industry experience on how a media agency works. We will be with you throughout, ensuring that you get the support you need. You will be provided with first class training, a buddy, a manager and a mentor, as well as real-time feedback to help you stay on track. At the end of the programme, we will offer a permanent role to all successful candidates.
