

Interests Profile Quiz

Unifrog is a complete platform for careers advice and destinations information, covering college, apprenticeships and university both in the UK and abroad. The school subscribes to this service and your son/daughter have a personalised login to the site that they will use right through to Year 13.

They will use their accounts at school for guided careers activities but can also access at home at anytime. The following activity is a fun interests quiz that will help them discover what they enjoy then research careers that may be interesting to them.

What do you want to do when you grow up?

- It's really hard to answer the question "What do you want to do when you grow up?" – the options are endless!
- Everyone has different interests and a different personality – knowing what your interests are and how they link to different careers will help you understand which path might be right for you.
- This activity will help you understand your own personality a little better and will help you start to see links between what you're interested in and the jobs it could lead on to.

Taking the quiz

- This quiz is a quick and fun way to reflect on your likes and dislikes.
- You will be asked to answer a range of different questions. You can select whether you DISLIKE, LIKE, or somewhere between those two points.

- There are no right or wrong answers, no good or bad choices, so be honest with your answers!

To get started, go to the student side of Unifrog at unifrog.org/student/home and click 'Start' on the Interests profile.

- MOOC** (teal): Make your first shortlist. **Start >**
- Webinars** (orange): Hear directly from the experts. **Go to tool >**

Interests profile

Learn more about yourself and explore the careers commonly associated with your interests.

Your categories at a glance

Your interests profile is based on John Holland's theory of personality and job choices. Holland identified six categories of personality, and the careers associated with them. No person's personality fits neatly into just one category; your interests profile shows which of the six categories you are closest to, and you can explore the corresponding careers and subjects.

The maximum score for any category is 28

Once you have answered the questions, click 'Get your results'. Here, your personality will be broken down into 6 categories and where you sit within each of them based on your interests. **Remember, no one personality type is better than another!**

Your categories in order **Expand** 

Social (S): 24 People-lovers who enjoy close personal relationships.
Artistic (A): 20 Creatives who often rebel against rules and structure.
Investigative (I): 19 Independent thinkers who love working on interesting problems.
Realistic (R): 15 Doers who like building things and working with their hands.
Conventional (C): 14 Great organizers who like working within a clear structure.
Enterprising (E): 9 Persuasive talkers who enjoy being the centre of attention.

Your categories will appear in order from highest to lowest, where you will be able to **expand** each to read more about the specified category.

Search using three categories

These links will take you directly to the Careers or Subjects library where you can find detailed information on these matched profiles.

Once you have completed the Interests quiz your personality categories will be highlighted in the Careers and Subject libraries.

Here you can find out some more information about the careers/subjects most commonly associated with your personality!

By Interests

Interests refers to a theory that each person's personality makes them more suited to particular careers, and that there are six main categories of personality. Below you can search the Subjects library by these main categories on their own, or in combinations of two or three. To find out your Interests profile [take our quiz](#).
