Dear parents and carers

Your child's curriculum

I am writing to thank you for your recent engagement with our curriculum review. Your survey responses, along with those from students and staff, are being considered together in relation to the curriculum offer going forward.

Although we will communicate more fully in the future should any changes be made, the charts below show the survey responses from parents and carers to the first four questions. We were pleased to see such positive responses from families. In addition, we are taking on board your helpful comments from the final open question in the survey.

I would like to take this opportunity to share curriculum information about the subjects your child studies. At the end of this letter is a series of links which takes you to the curriculum for each subject. This maps out what knowledge and skills are taught to your child across the year.

In addition, given some helpful ideas from you about clubs, I wanted to remind you of the range of clubs on offer. The impressive range of clubs are overseen by Mr Cracknell and can be viewed live by logging into SOCS, our platform for extra-curricular activities. A download of clubs on offer this term is available to view here:

Furthermore, in relation to our extensive careers provision led by Mrs Mouncey and Mrs Tang, a summary of our careers offer for your child is here:

Should you have any questions in relation to your child's curriculum, do not hesitate to get in touch.

Thank you for your continued interest and support.
