Instructions to calculate your Average Point Score (APS):

- Add together all points for your grades (remember Double Science counts as two GCSEs) based on:
 - GCSE: 9-1
 - BTEC: Pass = 4, Merit = 5.5, Distinction = 7, Distinction* = 8.5
- Then divide the total by the number of subjects taken.

You can include up to two C/BTEC subjects. Each C/BTEC counts as one GCSE.
 Please note that we expect a minimum of 8 GCSEs (or equivalent) to be used in this calculation. To find your APS where fewer qualifications have been sat, the total point score should be divided by 8.

Example 1:

Subject	Points	Subject	Points
English Lang	8	Biology	7
English Lit	7	Art	7
Maths	9	French	7
Chemistry	7	PE	7
Physics	7	History	9
Total Points			75
Total divided by 10 subjects =			7.5 APS
Choices: Physics, Maths & Chemistry			

Example 2:

Subject	Points	Subject	Points
English Lang	5	Geography	3
English Lit	5	CTEC Sport	Merit (5.5)
Maths	5	Art	6
Combined Science	3 + 3		
Product Design	6		
Total Points			41.5
